

HOME RENOVATION MADE SIMPLE

PORTFOLIO

2025-2026

Showcasing Home Renovation Across The GTA

ABOUT OLIVE CONTRACTORS

Olive Contractors is a Toronto and GTA-based renovation company founded on a simple belief: home renovations should be clear, well-managed, and worth every step.

Backed by licensed trades, in-house designers, and Professional Engineering oversight, we handle every phase of your project from initial concept to final walkthrough with transparency, structure, and care.

WHAT WE DO?

- Bathroom, kitchen & basement renovations
- Custom millwork and designer finishes
- In-house design with permit-ready drawings
- Full project management, from concept to completion

BATHROOM RENOVATION

“Our old bathroom was cramped and outdated. Olive turned it into a bright, modern space that we actually enjoy using every day” - Melissa Bruno

BEFORE

AFTER

Project Description

Complete bathroom renovation with large-format ceramic tiles, custom vanity, smart toilet, and modern standing shower with tempered glass.

Similar project budget: \$17K - \$19K (48 sf.)

AFTER

BEFORE

Project Description

Complete bathroom renovation with textured floor tiles, custom double-sink vanity with quartz countertop, standard bathtub, toilet, and upgraded lighting

Similar project budget: \$15K - \$17K (60 sf.)

BEFORE

AFTER

Project Description

Complete bathroom renovation and layout change with porcelain and decorative tiles, in-floor heating, deep tub, and modern vanity.

Similar project budget: \$18K - \$20K (48 sf.)

BATHROOM ADDITIONS

“We only had one bathroom on the main floor. Now, our second-floor bedroom has its dedicated bathroom. This has made our life easier and more convenient” - Raj Kumar

Project Description

New bathroom addition with a traditional design featuring large-format ceramic tiles, custom vanity with quartz countertop, standard tub, and smart toilet.

This bathroom was added to the master bedroom providing privacy and convenience.

Similar project budget: \$22K - \$25K (60 sf.)

Project Description

The ensuite bathroom was added to the master bedroom, replacing the old closet space.

This Moroccan inspired design created a vibrant theme in the new bathroom, with the decorative and patterned mosaic tiles and brushed gold fixtures stealing the scene.

Similar project budget: \$25K - \$27K (35 sf.)

KITCHEN RENOVATION

“Cooking here is so much more enjoyable now. The new layout makes the whole space feel open and practical” - Alissa Wong

BEFORE

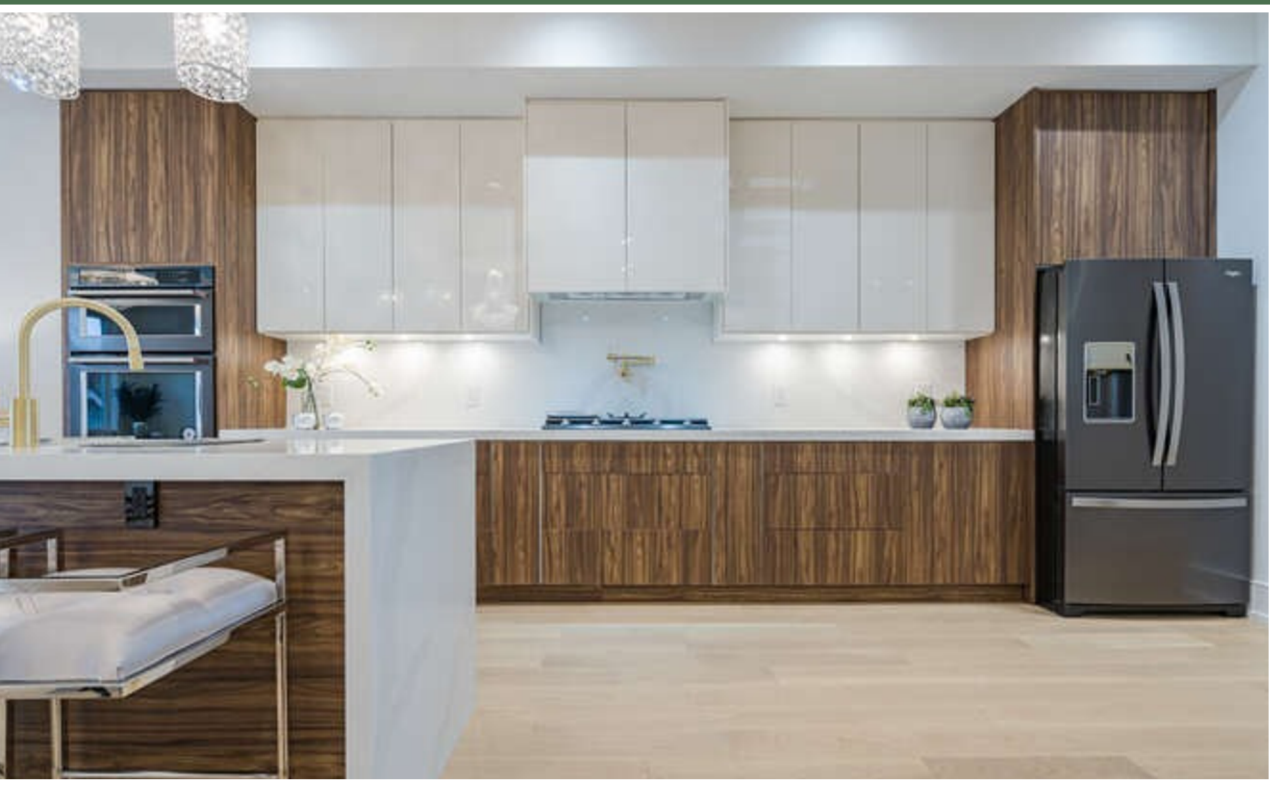

AFTER

Project Description

Full kitchen renovation with Navy Blue custom cabinets and brushed gold handles. Kitchen featuring quartz countertop and island waterfall matching the large-format floor tiles.

Similar project budget: \$30K - \$35K

Project Description

This kitchen was fully redesigned to showcase a modern layout and express the premium quality of the installation.

Featuring high-gloss lacquered MDF upper cabinet doors and walnut veneered doors on the lower cabinets, with a waterfall quartz countertop on the island.

Similar project budget: \$35K - \$40K

Project Description

A modern 'Minimalist' kitchen defined by clean matte cabinetry, bold charcoal hardware, and a seamless slab backsplash and stone countertop, creating a vibrant contrast with the light ceramic floor tiles.

This kitchen was fully redesigned and newly added to the basement living area.

Similar project budget: \$18K - \$20K

BASEMENT RENOVATION

“We couldn’t be happier with the results. Our basement literally went from dark and unused to a bright, comfortable space our whole family enjoys every day” - Katherine Simons

Project Description

Full basement renovation transforming an unfinished or outdated space into a functional and living extension of the home.

A typical project scope includes new partition walls within a reimagined layout, upgraded flooring with modern finishes, framing and wall covering, and carefully planned lighting to create a warm and livable atmosphere.

Every detail, from the choice of materials to the flow of the design, is tailored to maximize comfort, usability, and value.

How We Build It

Craftmanship

Every basement transformation begins with structure. Framing new walls, adjusting layouts, and upgrading utilities set the foundation for a safe and functional space. From the first cut of lumber to the placement of every wire and pipe, each step is carefully planned to bring order and clarity to an area that was once underused.

Our Commitment

At Olive Contractors, we see it as our responsibility to ensure that every element, from insulation and moisture protection to lighting and finishes, is installed with precision and care. By following best practices and building codes, we create basements that not only look beautiful when complete, but are also safe, durable, and built to last.

READY TO START YOUR PROJECT?

- **Consultation & Evaluation** - We visit your home, review the space, and discuss your goals.
- **Cost & Recommendations** - You receive a clear breakdown of costs with our professional advice.
- **Design & Layout** - Together we finalize a layout tailored to your needs and lifestyle.
- **Construction** - Our team brings the plan to life with precision, safety, and attention to detail.
- **Handover** - We deliver your finished space exactly as planned, ready to enjoy.
